(250 mg Tablets)

Efficiency above all

Dermohit®

Griseofulvin

ADVANTAGES AND BENEFITS:

- Fungistatic broad spectrum antifungal that acts over the main fungi causing dermatophytosis (tinea).
- Formula based on micronized griseofulvin, which gives greater absorption and greater amount of antibiotic available for fungistatic action in hair, skin and nails.
- Prolonged action that creates deep concentration in the hair follicles and nails.

DOSAGE: Administer 25 - 50 mg per 1 bodyweight kg.
