**Delicious and nutritional formula
for hairball control**

Delicious taste

The best nutrition-based prevention:

- Helps in the removal of swallowed hair.
- Prevents the formation of hairballs in the digestive tract.
- Prevents vomiting.
- Ideal for signs of constipation.
- Promotes the digestive system and intestinal transit.

Its formulation gives it properties such as:

- Improves and maintains in or close condition the skin and fur of cats.
- Controls hair loss, strengthening it from the root-cause.
- Excellent source of vitamins A, D3 and E.
- Enriched with B-complex, minerals and protein.
- Ideal supplement to improve diets and taste routine eating

**CONTAINS DOSIFIER
SYRINGE**
